QUINTESSENTIAL BARRINGTON

LIFE AND LEISURE IN THE BARRINGTON AREA

Delta Renovations' latest renovation for a large family of six people, two dogs, four cats and a horse, rescued the outdated floor plan of their 1800's Barrington Hills farmhouse and turned it into a generous, highly functional space.

Congestion caused by hallways and small rooms was frustrating for the family. Delta's owner & designer, Julie Gudvangen, listened carefully to their needs and increased the square footage with a six foot addition to the back of the property and added the space from an unused laundry/powder room to create an open and inviting kitchen. To complete the wish list, Julie re-configured existing walls and hallways to optimize the footprint of the home as well as showcase its beautiful old world craftsmanship.

The family couldn't be happier; in fact one member commented if he knew how much cooking would be done in the new kitchen they would have done the renovation sooner! They are thrilled to share this stunning revitalized space with family and friends for generations to come.

Delta Renovations is moving to a new location in Lake Barrington beginning January 1, 2018. Our space will include a showroom and easy access for clients to visit.
